**Re: Petition for Review
Review of an Order of an Administrative Agency**

To whom it may concern,

Enclosed for filing, please an original and four copies the Town of Weymouth, Massachusetts' Petition for Review of the Order of the Federal Energy Regulatory Commission's Order Issuing Certificate and Authorizing Abandonment, FERC Docket No. CP16-9-000, 158 FERC ¶61,061 (Jan. 25, 2017). I have also enclosed one additional copy for service on the Respondent.

Thank you for your attention to this matter.

Sincerely,

Donna M. Brewer

Encl.

cc: FERC Service List CP16-9-000

As required by 15 U.S.C. §717r(a), the Town filed a timely Request for Rehearing on February 24, 2017. The Commission had 30 days to act on that Request or it would be deemed constructively denied by operation of law. *Id.* Concurrently, the Town filed a Motion for Stay of Order, seeking a stay of the Certificate Order until the Commission acts on the Request for Rehearing.

The Commission did not validly act on the Request for Rehearing by March 27, 2017, 30 days after the Town's Request for Rehearing, and the Request was therefore constructively denied as of that date.

On March 27, 2017, Secretary Kimberly D. Bose issued an "Order Granting Rehearings for Further Consideration," FERC Docket CP16-9-001 (the "Tolling Order"). Despite its title, however, the Tolling Order does not actually grant a rehearing, but instead purports only to "afford additional time for consideration of the matters raised or to be raised." This Tolling Order did not address the Town's motion for stay of the Certificate's effectiveness.

On April 25, 2017, the Town filed a Request for Rehearing of this Order, challenging the authority of the Secretary to issue such an order in the absence of a quorum of FERC members.

The Town hereby requests review of the Certificate Order and further requests that it be set aside as to those parts that relate to the construction and operation of a natural gas compressor station in the Town of Weymouth.

Pursuant to 15 U.S.C. §717r, this Petition for Review is timely filed within 60 days of the constructive denial of the Town's Request for Rehearing. This Court has

jurisdiction to review the Certificate Order pursuant to Section 19(b) of the *Natural Gas Act*, 15 U.S.C. §717r(b).

Respectfully submitted,
