Basis for Intervening:

As customers of Tennessee, the National Grid Gas Delivery Companies have substantial interests that may be directly affected by Commission action in this proceeding. The National Grid Gas Delivery Companies will not be adequately represented by any other party. Unless permitted to intervene and participate fully, the National Grid Gas Delivery Companies may be bound by and adversely affected by the Commission's orders herein without an opportunity to have their views heard and considered. Accordingly, the public interest will be served by granting this motion to intervene.
